MANAGEMENT DISCUSSION AND ANALYSIS

Review of Financial Performance

The Group recorded revenue of approximately HK\$11,250,000 for the three months ended 30 June 2021, representing a decrease of 36% when compared to the corresponding period in the last fiscal year. The decrease was mainly due to the restructure of equine segment and the decrease of revenue of money lending business.

The direct costs were decreased to approximately HK\$418,000 from approximately HK\$1,057,000 compared with the same period last year.

Administrative expenses made a decrease of 14% to approximately HK\$14,489,000 compared to approximately HK\$16,835,000 in 2020 due to the simplify of the operation in the Equine Segment in Australia.

The loss attributable to owners of the Company for the three months ended 30 June 2021 was approximately HK\$11,230,000, an decrease of approximately HK\$14,065,000 as compared with the corresponding period in the last fiscal year. Such decrease was mainly affected the decrease in revenue in money lending business, and the exchange loss on the investment properties in Australia.

Business Review

The Group has been operating in the equine business for years and the result is disappointing. As a result, the Board disposed one of the subsidiaries in the equine segment (Completed in July 2019). On 31 March 2021 there was further restructure of the Group's equine segment.

On 30 April 2021, the Group completed the purchase of the equipment for cryptocurrency mining and started its crypto mining business.

Equine services

Following the disposal of Sun Kingdom Pty Ltd in July 2019, there was further restructure of the equine business. On 31 March 2021, self-operated the Group leased out certain land and farm in Australia, which was previously self-occupied and operated in the equine segment, to an independent third party. In addition, the independent third party will manage the Stallions held by the Group under certain profit share scheme. The Board believes after such restructure, both the performance and cash flow of the equine segment would be improved.

Financial services

Following the US-China trade dispute, rising of protectionism, worldwide political uncertainties, outbreak and continuous of Covid-19, and fluctuation of capital and stock market. The board was prudent on the financial services segment, especially the money lending business, to avoid any potential risks to the Group. As a result, the revenue and profit from the financial services decreased as compared from the corresponding period in the previous fiscal year. The management of the Group would review and adjust business strategies on a regular basis with a prudent and balanced risk management approach so as to cope with the current unpredictable economic situation.

Investment Properties

On 31 March 2021, the Group leased out certain land and farm in Australia under operating leases with rentals receivable of approximately HK\$1,770,000 per annum to a party which to the directors of the Company's best knowledge, information, believe and having made all reasonable enquires, was an independent third party to the Group. The property, plant and equipment with carrying amount of approximately HK\$33,267,000 was transferred to investment properties. The leases run for a period of five years and do not contain the unilateral rights to extend the lease at the end of the leases.

Digital currency mining

On 30 April 2021, Extra Blossom Holdings Limited ("**Extra Blossom**"), an indirect wholly owned subsidiary of the Group, has completed acquiring certain amount of digital currency mining machines. The consideration for the acquisition was satisfied by allotting and issuing 112,522,768 Consideration shares under General Mandate granted at the annual general meeting of the Group on 25 September 2020. By entering into the cryptocurrency/blockchain business, the Board believes it can provide a long term and stable income to the Group.

In light of the statement made by the State Council's Financial Stability and Development Committee of the People's Republic of China (the "**PRC**") on 21 May 2021 on Bitcoin mining and trading activities. In order to support and follow the direction of the PRC Government, on 24 May 2021 the Group instructed the relevant service provider to suspend the cryptocurrency miner operating service. The operation of the cryptocurrency mining has relocated in Kazakhstan since July 2021.

On 16 June 2021, Extra Blossom entered into an agreement (the "**Swarm Leasing Agreement**") with 深圳市水滴雲智能有限公司 (Shenzhen Shuidi Yun Zhineng Company Limited) ("**Shenzhen Shuidi**"), an independent third party, pursuant to which Shenzhen Shuidi agreed to lease to Extra Blossom 1,000 networked computing nodes to be used in Swarm with a leasing fee of RMB 1,000,000 per month. However, given the fluctuation in the trading price of Swarm, Extra Blossom and Shenzhen Shuidi mutually agreed to suspend the Swarm Leasing Agreement in July 2021.

Prospects

Following the US-China trade dispute and the outbreak of COVID-19, the global economy and consumer confidence have been adversely affected. These two incidents have occurred more than a year and have an impact on our 2021 financial results and our development strategies. The management foresees that there is full of challenging in 2021. On the other hand, this presents both opportunities and challenges for the financial services segment. However, the results of the Group's financial services segment would be heavily influenced by the performance of the stock markets in China and Hong Kong.

The Group would continue to use its best endeavor to improve the efficiency and effectiveness of the operation. Moreover, the Board would seek opportunities to establish strategic alliance to accelerate the growth of its businesses, to rebalance its business portfolio and to strengthen its financial position so as to create value for shareholders.
